I. INTRODUCTION

This document serves as a LaTeXdraft for paper submissions to conferences of the Institute of Navigation (ION). It is intended to support and facilitate manuscript preparation for authors.

II. PAPER ORGANIZATION

Paper may be broken into sub-sections as desired. Sub-section titles should be initial capitalization only.

Papers submitted for peer review should not exceed the Maximum of 15 Pages. Unlimited page number is allow for papers not being peer reviewed.
Full justify your text. Use automatic hyphenation and check spelling. Digitize or paste down figures.
Disclaimers or notes should be placed at the end of the article just prior to references.

1. Use of Figures

Incorporate tables and graphs in the body of the text. We encourage you to incorporate any images which may be used in your oral presentations into the body of your paper when appropriate.

2. Use of Tables

Tables should be centered within the text. Table captions should be centered above the table. Avoid placing tables before their first mention in the text. Identify each table with a bold numeric reference and center it at the top of your table.

3. References

In 2021, the ION switched to the APA style reference formatting. In this template, the *natbib* package is used together with the style `\bibliographystyle{apalike}`. This matches the ION formatting guidelines very well while using BibTex. Use `\citep{}` and `\citet{}` as desired. `\cite` defaults to `\citet`.

III. LANGUAGE

Your paper must be in English.

IV. ADDITIONAL INSTRUCTIONS FOR ELECTRONIC PAPER PREPARATION FOR PUBLICATION

Electronic files (PDF File) should be uploaded the ION's Abstract Management Portal at `www.ion.org/abstracts`. If your paper was created in LaTeX, convert to PDF file before submitting.

V. ACCEPTABLE SOFTWARE

Adope Acrobat PDF files are acceptable.

ION cannot accept LaTeXfiles, all LaTeXdocuments must be converted to PDF file prior to submission. Make sure the file is formatted properly before uploading to the AMP. Documents converted from the LaTeXor TeX typesetting language into the Adobe's Postscript of PDF files usually contain fixed-resolution bitmap fonts that do not print or display well on a variety of printer and computer screens.

Secure files can cause problems with: opening the document; printing the document; indexing for searchability on the CD-ROM.
Please do not secure your files.

ACKNOWLEDGEMENTS

Any acknowledgements should appear just before the references section at the END of the paper.
