***Abstract*—Put the text of your abstract here.**

I. Section

Text for the first section.

A. Subsection

Text for the first sub-section.

B. Subsection

Text for the second sub-section.

1) Subsubsection: Text for the first sub-sub-section.

2) Subsubsection: Text for the second sub-sub-section.

C. Subsection

Text for the third sub-section.

II. Section

Text for the second section.

figure matter

Fig. 1. This is the caption for figure #1. Make sure it goes *after* the figure!

Table I
This is the caption for table #1. Make sure it goes *before* the table!

table matter

III. Figures and Tables

Text for the third section. This section has figures and tables in it.

And more text in this section.

Figure and table references: Fig. 1, Table I. Use these at the beginning and within a sentence.

Much better is to use the Figure and Table environments, which will take care of placing the caption correctly for you. See Fig. 2 and Table II.

Using the Figure environment:

The figure matter goes here.

Fig. 2. Caption for figure, Figure environment.

text

Using the Table environment:

And more text in this section. And more text in this section. And more text in this section. And more text in this section. And more text in this section.

IV. Equations

Referencing equations: (1) for whatever. Equation (1) at the beginning of a sentence.

$$equation \tag{1}$$
