Acronyms

KISS Keep It Simple Stupid

DRY Don't Repeat Yourself

1 Contexte

1.1 Sous-contexte

Bold or *Italic* or SMALL CAPITALS

This is a reference¹ to the [1 Contexte](#) section thanks to `label` and `iref` commande

Use `enumerate` in order to create a numbered list

1. A
2. B

We can also use points lists

- A
- B

A small link to my [Github](#)

I can quote Dennis Ritchie[1], or Olivier Cailloux[2]

Also, we can create figures or paintings

FIGURE 1 – Logo from Paris Dauphine PSL University
A little note

Left	Right
Line 1 left	line 1 right
Line 2 left	line 2 right

TABLE 1 – A simple example of a table
Another little note

1. Here is in passing how to make a footnote

2 Conclusion
