Experimental Mirage ltx-talk Theme

A presentation theme inspired by a musical album art

LianTze Lim

(Optional) Institute Name

2026/08/27

Sample frame title

This is some text in a frame, for the sake of showing an example.

- Some text
  - Some text on second level itemize
  - Some text on second level itemize
- Some text

Another sample frame

1. Some text
   1.1 Some text on second level enumerate
   1.2 Some text on second level enumerate
2. And finally some alerted text

Customisable Pullquotes

> *Can it be real*
> *The world is a mirage*

« *Slowly, gently, night unfurls its splendour*
Grasp it, sense it, tremulous and tender

This theme supports blocks

Gosh I've no idea what I'm writing, do you?

Now solve $x = \frac{-b \pm \sqrt{b^2-4ac}}{2a}$. This should be easy, right?

Gosh I've no idea what I'm writing, do you?

$$x = \frac{-b \pm \sqrt{b^2 - 4ac}}{2a}, \quad \therefore \alpha \neq \Omega$$

Gosh I've no idea what I'm writing, do you?

$$x = \frac{-b \pm \sqrt{b^2 - 4ac}}{2a}, \quad \therefore \alpha \neq \Omega$$
